# ROWTRADE

bringing rowers together

## FOR SALE

### **ROWTRADE IS FOR SALE...**

Rowtrade is primarily a vehicle to distribute advertisements for second hand rowing boats, related equipment and accessories throughout Australia. Many of Australia's leading manufacturers and suppliers of rowing equipment are involved with Rowtrade too. This brings the new and innovative element of rowing to the Rowtrade community. New technology, trends and fresh information is essential in this competitive market. Rowtrade also publishes advertisements for schools and clubs seeking coaches and rowing specific administrative staff, for example as well as National Rowing Conferences and coaching courses.

*Are you looking for a new income stream? Flexible working hours and location? Diversifying your fundraising mix? Control you destiny with Rowtrade.* You will get a trusted, and highly valued publication that has been published since 1994. Rowtrade is well cemented in the rowing community, bring rowers together. You can choose where you work, your favourite café perhaps as all you need is a computer and the internet? You can choose when you work, a few hours after your row, Rowtrade has a manageable time commitment... You will gain relationships with Australian rowing suppliers and connect with a diverse range of people within the rowing community. Does this sound like the challenge you have been looking for? Ring Bron for more information. Ph 0422 630 909

## ROWGEAR in the SPOTLIGHT!

Glenn Baker and Michael Quinn are well-known faces in Western Australia's rowing community. Glenn, an accomplished Perth businessman, first became involved in the sport through his daughter. Her first coach was Michael Quinn, and Glenn could see a desperate need for the comprehensive, efficient rowing resource that Rowgear now provides.

Michael is an expert repairer and builder of rowing boats, operating for a decade under the banner of Mike Quinn Rowing. An accredited Level 3 Coach with the Australian Sports Commission (ASC) and also qualified in Strength Conditioning, he is considered by many to be WA's most successful coach at Club level, with a Silver Medal at the 2007 World Championships in Scotland.

Together, Glenn and Michael blend a wealth of knowledge and practical experience to provide a unique resource to the rowing community. So, when you come to Rowgear for parts, purchases or repairs, you are not just dealing with a sales person, but with someone who loves the sport and thoroughly understands your needs. **AN ICON FOR SALE** Old scull, built in 1957 for Mervyn Wood, Australian Olympic and World Olympic Champion who was to scull in the 1956 Olympics in Melbourne, but he teamed up and rowed in a Double Scull. I bought the scull from Gus Green (boat builder in 1956 and sculled against Stuart Mackenzie (World Champion) in 1957.

The boat is still rowable and is complete as original. Original sculls go with the boat and these are still in good condition. The boat is housed at WBRC in Maryborough Queensland.

Enquiries Phone Ted 0741241586

Also large picture 36cm x 34 cm with Mervyn Wood sitting in the boat.

### USING YOUR OARS IS HARD WORK, BUT STORING THEM DOESN'T HAVE TO BE

Space Saver brackets are specially engineered to maximise the vertical space in your boathouse, while only using a fraction of the floor space. No more splits, cracks or handle damage.

- Secure fitting prevents oars from falling out and protects against damage
- Easy access to each individual oar - even the ones right at the back!
- Each bracket holds up to 16 oars
- Store 64 oars in 1m x 1.5m space

Store your oars securely on our brackets, so you can get your crew on and off the water faster!

## activelights

For over 8 years Rowing Boat Lights has been providing lighting solutions to thousands of Rowers, Kayakers and Dragon Boaters all over Australia and the World.

We recently rebranded as Active Lights Australia, created a new simpler website and expanded our product range to include lighting for most outdoor sports. Our commitment to bringing you the best in LED battery operated, waterproof lighting is even stronger as we search the world for the best products at the affordable prices.

With many different versions to choose from there is a light or combination of lights that will suit your application and comply with local authorities.

- All products are completely waterproof.
- Most have long battery life of up to 250 hours (Flashing Stern Light).
- Most models attach to existing boat hardware and brackets – bow number holder or rudder post. Some come with easy on/off suction cap.
- All boat lights come with a safety lanyard and cord lock for secure attachment to your boat ie bow ball.
- Convenient and secure online purchase with FREE postage within Australia and an upgrade facility for even speedier delivery of your lights.

Available online [www.activelights.com.au](http://www.activelights.com.au)
